

If you have previously danced to a very high standard (i.e. the level expected for the "Very Advanced High Impact" class), then you will enjoy this class

Honest self assessment is best.
 The organising committee does not know your ability as a dancer, so we rely on the judgement of you and your tutor.
 You should choose a class that challenges you but will not make you feel out of your depth, or that you are holding the class back.
 For a detailed description of each class contact the Organiser or visit the NZ Branch website www.dancescottish.org.nz
 The Summer School committee and the NZ Branch reserve the right to relocate dancers between classes.

This is a Unit 5 class, with a provision for Unit 3 resit available. Candidates must confirm attendance with education@dancescottish.org.nz. Unit 4 submission must have been made by 2 July 2024.

In order to enjoy this class, you will need to be physically fit and able to sustain a high level of performance, throughout the School
